Continuation of 3. NOTE: The claimed limitation "if the vehicle is not stationary, authorizing a starting of the engine without a brake intervention" in base Claim 8 was not previously considered and would require further search and consideration.

Continuation of 13. Other: Regarding paragraph 2 of the Final Office Action dated 09/03/2008 and paragraph 3 of Applicant's remarks filed on 11/06/2008, the four international references cited on 01/18/2006 have NOT been received from the applicant and there is no indiciation on the record as actually being received.

As indiciated in the Final Office Action, JP 05-310119 and DE 33 03 455 have subsequently been cited, attached, and have been considered. WO 99/850112 was previously cited and attached as being an equivlanet to EP 1 066 181 and the WO 99/850112 has been considered. However the actual foreign international references, DE 197 32 924 and EP 1 066 181, themselves are not presently part of the record and have not been considered.
